

# ***SOUL CONNECTION***

*Created and presented by Judith Pauly*

*Connect with your soul*

*Discover the purpose of your soul*

*Experience the essence of your soul*

This intense, yet simple, individual 3-5 hour process, allows you to connect with that core essence of who you really are. That reflection of the divine often referred to as the soul, and through this connection gain insight and awareness of your soul's purpose in this life experience.

Through examination of your life story, meditation and light trance you will be led on an exciting journey of soaring with your soul and looking at life connections through the eyes of the soul. This often "life changing" adventure allows past experiences that may still be held at a cellular level to shift and creates awareness and new space for love, peace and forgiveness. It allows you to release old resentments and change old patterns that have perhaps kept you stuck and been in the way of fulfilling your life potential.

Fee: initial session \$300.00 terms available

For information or to schedule a soul connection in the Indianapolis area March 10-18, email Judith at
